

Fonts used: 1. Poppins for everything except account number (montserrat)

Color codes: Main Color(brown): #89023E

Then red for money reduction

Green for money received

black for texts

The developer can choose any tone for the green, red and black except for the main color

The account number should be spaced in the css with letter spacing between 15px and 20px

While waiting for the account number to be generated, the developer can use a set timeout of 3 or 2 seconds before routing to the next page where the account number would be generated(ensure to use a spinner from bootstrap while waiting)
